☆ Japanese women and Caucasian women have different public hair shapes (Comparison of public hair shape)

☆ Concerning how much the private parts open up: Japanese 40%, Caucasian 23%. That means the Japanese woman's vulva opens wider and therefore the areolas are more visible. Surprisingly, Caucasian vulvas are more closed together so that doesn't mean Caucasian women are "looser"!!

While there is a saying that "foreign women have loose private parts", let's see what happens in reality when women spread their legs at a 90° angle.

From "How to Seduce Foreign Women" by Chikudate

- Thickness of the labia majora
Japanese: Thinn on average
Caucasian: 11-15mm
- Size of clitoris
Japanese: About 4mm
Caucasian: About 5mm
- Length of vulva
Japanese: 15mm on average
Caucasian: 25mm on average

In any case, Caucasian women indeed have bigger sizes when compared to Japanese women, but it's unclear if their sensitivity is any better.

## PART.72 SEARCH FOR A GOOD LOVE♡

THAT IS TO SAY,  
POPULAR PEOPLE

MORE POPULAR  
WHILE UNPOPULAR  
PEOPLE GET LESS  
AND LESS-POPULAR ♡

IN THIS MODERN  
SOCIETY IT SEEMS  
THAT ROMANCE  
HAS FORMED ITS  
OWN FRIENDSHIP

The truth is... **Two out of three** university students do not have lovers. (Survey conducted among 673 university students, 3/1994) —according to a survey done in 1992 by the Ministry of Health - Labour and Welfare\* the percentages of single people between age 15-19 are:

Male 30.4%      Female 41.2%

OMG!

TRUE, BUT EVEN  
UNPOPULAR  
PEOPLE WOULDN'T  
WANT TO BE  
UNPOPULAR FOR  
THE REST OF  
THEIR LIVES!

When surveyed, about half of the university students who didn't have a girlfriend, never had one before. In the same survey, **more than 2/3** of the students who were currently in a relationship had already dated 2-5 other people! Does this mean that popular people just exchange their relationship partners amongst themselves?

Up to 60% of males surveyed actually think this way! However, the figures drop to about 34% among males who've already had sex (laugh)

That is to say, males with sexual experience would think that "I can't be satisfied without having SEN" ☆

(Females are about the same, with about 58% of females with sexual experience thinking this way)

Apparently, romance is a platform for mutual understanding through experience.

As I said before, the story was  
quite interesting and enjoyable.

We also need a few more little things  
to make things and help us with this  
unholy work. I guess, the best

YURA-SAN IS MISSING!!

Among surveyed families, 48.8% have both husband and wife working, higher than 38.8% of families having full-time housewives. Now that the economy is bad, it's getting harder to find a family with parents and children?

From: A Special Report on Labour  
Statistical Bureau, General Affairs Agency of Japan, 1998

\*It's not like the new stats that say housewives don't work. It's more to control the cost of living, which affects the way we live. Housewives don't work as hard as they used to. Housewives don't work as hard as they used to. Housewives don't work as hard as they used to.

If only the husband is working, "the wife does all the housework" and "the husband helps out occasionally" makes up 93%. If the husband's salary is less than that of the wife, about 20% of families have the "husband do all the housework" ☆

The elevated position has a high level of difficulty, and thus is not very popular among couples. However, an advantage is that one only needs to take off the clothing from her lower body to assume the position, which is quite convenient.

**Opposite elevated position** happens when the male has to bend forward because of the difference in height. If he doesn't grab hold of the female's legs, it would be hard to penetrate and his waist cannot move around easily. It is hard to maintain this position and the woman needs to have the support of another object to be comfortable ♡

**THE TIGER** This is the most often used position. The man is on top, and the woman is on the bottom. The man's legs are bent, and the woman's legs are bent. The man's hands are on the woman's hips, and the woman's hands are on the man's hips.

**THE PISTOL** The man is on top, and the woman is on the bottom. The man's legs are bent, and the woman's legs are bent. The man's hands are on the woman's hips, and the woman's hands are on the man's hips.

## DIFFERENT ELEVATED POSITIONS

"They all look like acrobatic poses!"

"The Pistol and the Pistol are the 40 Best Erotic Novel positions."

**THE TIGER** A very popular position. The man is on top, and the woman is on the bottom. The man's legs are bent, and the woman's legs are bent. The man's hands are on the woman's hips, and the woman's hands are on the man's hips.

(Reference: "The Erotic Novel", (Eros Publishing Inc.)

**▲ INVITED POSITION** (The man is on top, and the woman is on the bottom. The man's legs are bent, and the woman's legs are bent. The man's hands are on the woman's hips, and the woman's hands are on the man's hips.)

**▼ STROLLING CAMEL** Very deep penetration, but a heavy burden on the woman's arms.

**THE TIGER** The man is on top, and the woman is on the bottom. The man's legs are bent, and the woman's legs are bent. The man's hands are on the woman's hips, and the woman's hands are on the man's hips.

### Persuasion technique 2

With two people who are not that familiar with each other, giving valuable presents like rings will only put pressure on the other party. As for portable gifts like flowers, girls actually like them very much, and will greatly increase their opinion towards you ♪

HE'S ABLE TO FIND

TODAY'S

UM... WHY  
ARE YOU  
INTERESTED

### Persuasion technique ③

Instead of saying "Your eyes are pretty", it's better to say "I like your pretty eyes". The former sounds like mere flattery, while putting in personal feelings such as "I like ..." sounds more sincere. It's also best to point easily noticeable body parts like the eyes or lips.

**Persuasion technique ①**  
When bidding farewell, make it as dramatic as possible. This will leave a lasting impression on the other party's mind. Wanting to send the other party home from the start will leave a bad impression.
